

Community Safety

Cleaning and Disinfecting Processes & Procedures

Our equipment will be cleaned with either soap and water or EPA-approved disinfectant containing a minimum of 60% alcohol per the following schedule.

- **Per Use:** Recreation Equipment including but not limited to bikes, kayaks, canoes, SUPs, PWC and pontoon boats, helmets, paddles, PFDs, and emergency whistles
- **Once Daily:** Kayak/canoe rack locks, marina cleats and shed doors
- **2-3 Times Daily:** Retail display countertops and commonly touched retail items
- **4+ Times Daily:** POS stations and credit card terminals, phones, iPad waiver stations, rental and food, and beverage countertops

If you would like more information on our safety procedures, please see any of our staff on site, or email us at info@bgsignature.com for the complete COVID-19 Preparedness and Response Plan.

Sincerely,

BG
